#### TERRY ELLIOT – ILFRACOMBE TOWN COUNCIL

It has been an incredibly busy time over the past few months with Covid pushing many endemic problems to the forefront in Ilfracombe. To keep it brief I have been working with the Foodbank, the Head of Housing, the poverty action group Transform and the Salvation Army to ensure that support is getting quickly and easily to those people who need it on the ground. Working with 361 energy also in successfully getting a grant from the League of Friends to offer emergency heating small grants (for fuel top ups, small heaters etc) for people in desperate need over winter. Introduced a Zero Tolerance to Hate policy which I hope will be passed this Monday and have begun the process of establishing a Community Land Trust for Ilfracombe to build some new social housing on a small scale

## **Development Plan**

The CLP Development Plan has been deferred to the next meeting

## **MOTIONS**

The following motions were submitted in the correct time frame and ruled in order by the Chair:

1. North Devon CLP call upon the Labour Party to set out how it will select a new, proportional voting system for general elections, in time to offer it as a concrete alternative to First Past the Post in our next manifesto.
2. North Devon CLP supports the leadership of the Labour Party in ensuring full implementation of the EHRC recommendations and in its efforts to root out antisemitism and racism wherever they are located

Annie McVey submitted an emergency motion as follows:

Following the confusion that has arisen in recent days in other CLPs the NDCLP agrees to suspend the debate of the motions on our agenda until clarity of the General Secretary's directions can be obtained.

CLPs have been directed that discussion of matters which could lead to "a flashpoint for the expression of views" could lead to the suspension of members. This CLP believes this is open to interpretation and may put our members at risk of unintentionally being in breach and therefore suffering suspension from the Party.

Without fully discussing the implication for any point raised in the motions this NDCLP does not believe that any vote would be fully considered and valid.

- Those present at the meeting agreed to include the Emergency Motion for discussion
- As a result, the first motion was withdrawn
- The emergency motion was carried and no more discussion of motions took place

## **Any other business**

- Catherine Bearfield is looking forward to an education meeting around PR. She would also like an educational session on anti-semitism as soon as possible
- Ian and Chris mentioned the 'Campaign for a New Democracy' with regard to PR education
- Chris added that in light of the emergency motion being passed this evening, he isn't willing to commit to an education event at this stage, but will wait until the guidance is clearer

- Annie reminded those present that the Facebook forum should be a safe space. She was referring to comments on the forum being taken to a member's employer. She thanked Siobhan for calling it out
- Andy called for a PR education session before the motion relating to PR is debated by the CLP
- Jerry would like us to look at virtual attendance once face to face meetings recommence
- Gaynor expressed how pleased she was at the level of support in the CLP
